Hardware and Software Requirements for Online Banking

All online banking users must have a valid email address and telephone number. Computers used to access online banking must meet the following minimum requirements:

- Standard PC or Macintosh® with at least 1-GHz processor and 1 GB of RAM.
- Available browser updates applied for improved security and greater anti-virus and spyware protection.
- Cable, DSL or ISDN Internet connection (dial-up is supported for basic consumer users).
  Note: Satellite cable connections often have difficulty supporting encrypted HTTPS applications. Since our online banking platform is HTTPS encrypted for the safety of our financial information, some satellite cable connections may exhibit slow responses.
- Microsoft® Windows® 7/8/Vista SP2 or Mac OS X
  Note: Microsoft stopped providing support, including security updates, for Windows XP and XP-compatible Internet Explorer (IE) in April 2014. XP users who do not upgrade their operating systems should replace IE with another browser (i.e. Firefox or Google Chrome) for an up-to-date, secure internet browser.

Mobile Banking App Compatibility

Sturdy Savings Bank's mobile banking app functions best when the GPS or native mapping app is enabled. Mobile devices with the following operating systems and cameras are not compatible:

- iOS versions earlier than 5.0, Android versions older than 2.3, Windows® phone, Blackberry® and Kindle Fire™.
- Cameras with less than 1.9 megapixels.

Browser Requirements

The following browsers and devices are compatible with Online Banking. Browser support is subject to change with little or no notice and we encourage you to configure your browser for automatic browser updates. Use the most recent browsers available for the most secure experience. If you try to log in without the recommended browser, you will be redirected to the browser website to download a new version of the browser

WINDOWS

Browser	Windows 7 and Vista Service Pack 2+	Windows 8
Google Chrome™ 27-current version	Recommended	Recommended
